# Citizens Academy Southeast

A BREAKTHROUGH SCHOOL

Citizens Academy Southeast opened its doors in 2015 due to strong community demand, and is the newest Citizens Academy to open in Cleveland. CAS currently shares space with its CMSD partner, the Whitney Young school, and it will grow over time to serve more than 400 students in grades K-5. Although CAS will not have official state test results for another year, staff and students are proud to already be performing on par with the founding CA campus on preliminary exams.

**Our mission is to produce learners who exemplify academic excellence and responsible citizenship.**

### One to One Technology

We are continuing our One to One technology initiative, continually exploring new ways to use technology to improve instruction and learning.

### Strong Parent Advisory Council

We are proud to have a very strong PAC parent group, with nearly 70% of parents participating in at least one way last year!

### Data Driven Progress

We held afterschool sessions for parents to learn about their role in closing the achievement gap, using NWEA data to measure the progress and to inform parents of next steps.

Our citizenship curriculum features a monthly multicultural theme, including Black History, Women in History, and many more.
