# 2016-17 ANNUAL REPORT

Citizens Academy
SOUTHEAST

Citizens Academy Southeast recently completed our second school year, having first opened on the campus of the Cleveland Metropolitan School District's Whitney Young school in 2015. As part of the Citizens Academy model, our curriculum is focused on citizenship and diversity, and our scholars thrive on a set of high academic and behavioral standards called The CA Way. Serving students in grades K-4 for the 2017-2018 school year, we will reach our full K-5 grade capacity in 2018-2019.

A BREAKTHROUGH SCHOOL

Updates from our school year...

READ-A-THON ORGANIZED BY PARENTS ADVISORY COUNCIL

The Parents Advisory Council sent our kids on a reading adventure when they organized a Read-A-Thon during National Reading Month. This adventure engaged our scholars in a combined 27,180 minutes of reading! Donations went toward literacy materials for every classroom.

LEGO WEDO ROBOTS

Our 2nd and 3rd grade enrichment students programmed Lego WeDo robots to move around and vocalize. Such a feat required problem-solving and lots of trial and error, plus a great feeling of satisfaction when the robots finally moved!

UPSTANDERS OF HISTORY

It's easy to be a bystander, but why not be an upstander? Our first graders showcased the many upstanders that inspire them, including famous ones like Albert Einstein and not-so-famous ones like Katie Stagliano who started community gardening for her local food bank when she was only 9 years old.

CAS SCHOLARS CELEBRATE OUR SEVEN VIRTUES

We celebrate the seven virtues of our school during our Community Circles. Each month, we focus on a different virtue: responsibility, respect, perseverance, honesty, generosity, courage, and loyalty. Speakers come to school to discuss the virtue, and our students get to see what each virtue looks like in action.
