Annual Report 2017-2018

Year in Review

Located in Cleveland's St. Clair-Superior neighborhood, E Prep and Village Prep Cliffs put scholars on an early pathway to college.

Each day, teachers engage their students in a rigorous college prep curriculum and a structured school culture meant to instill entrepreneurial values like persistence, responsibility, and self-reliance. The youngest scholars attend Village Prep in grades K-4, and then move to E Prep for grades 5-8. The flagship Cliffs campus inspired other Preps school locations in Cleveland's Willard and Woodland Hills neighborhoods.

Village Prep Cliffs

Village Prep's reading stats really did impress! On average, 48% of scholars in grades 1-3 started the year reading below grade level, but that number withered to only 7% by year's end. Additionally, 88.7% of V Prep third graders passed the Third Grade Reading Guarantee, surpassing the state's pass rate!

E Prep was designated as a Verizon Innovative Learning School, with Verizon providing iPads and training to every teacher and student in the school! This will make connected, integrated, and collaborative learning possible.

NASA had third graders defying gravity in a "Marshmallow Challenge" meant to find a way to balance a marshmallow on top of a string of spaghetti. This was after a presentation delivered by two specialists from NASA Glenn Research Center sharing what it's like living in zero gravity on a Space Station.

Scholars in grades 3 and 4 examined themselves through art! Their "About Me" photo collages featured self-portraits they took and developed themselves, while collaborative murals and ceramic replications of themselves were also displayed at school.
